Support benefits: claims may be filed in case of meagre income (earnings-related).

Surviving dependants' pensions: dependants of recipients of victims' pension benefits are eligible.

Dependants may also file a claim on a surviving dependants' pension in case their deceased spouses did not receive victims' pension benefits, although they had been eligible.

Victims' pension benefits – Claim for worsening

In case of worsening of the health damage related to persecution a claim on increase of the victims' pension benefits may be filed. The worsening of the health damage has to be satisfied by the presentation of a medical certificate.

? How to apply for victims' pension benefits?

By sending an informal application to the Victims' Welfare Department of the Regional Government of Vienna or to the competent Austrian consulate.

It is important to describe in detail the persecution and to indicate the health damages caused by the persecution. If possible, please attach medical certificates.
